

Information Sheet for Occupants of indoor areas treated with Tempo 20 WP Insecticide.

To be posted at points of entry or given to the occupant.

This area has been treated with Tempo 20 WP Insecticide (Reg. No. 25673), containing the active ingredient cyfluthrin.

DATE APPLIED:

TIME APPLIED:

- Bystanders and animals must not be present during application.
- Do not re-enter the treated area until at least 6 hours after the product has been applied.
- Ventilate treated area by opening windows and doors. Use fans where required to aid in the circulation of air.

The following adverse effects have been reported following re-entry into areas treated with products containing cyfluthrin:

- respiratory effects such as cough, sore throat, or shortness of breath
- nausea
- dizziness
- eye irritation

If you experience effects, leave the area and ventilate further. For medical information, call 1-800-334-7577. If you experience effects that do not resolve rapidly or become worrisome, contact your health care professional.
